YONAHIAN '85

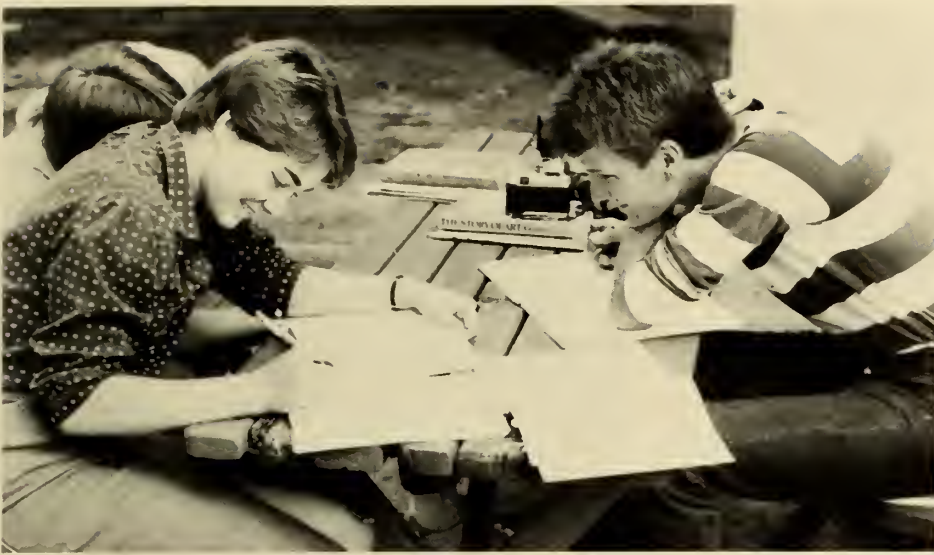

PIEDMONT COLLEGE

Demorest, Georgia

# Moving On Up!

# FALL

# Dedication

The 1985 edition of the Yonahian is gratefully dedicated to Dr. Caridad Palomares Lopez, who, with her husband, Dr. Ruperto J. Lopez, has been a cornerstone of Piedmont College for the past two decades. To the hundreds of students who have studied under them, the Lopezes have been more than teachers. They have been friends and confidantes — mentors in every sense of the word.

In 1962, the Lopezes left their native country of Cuba as political emigres from the tyranny of Fidel Castro's regime. In Cuba both had held for more than twenty years responsible positions in the educational system of Cuba. Coming to the United States with only their personal possessions, the Lopezes have won for themselves a new life in the United States and have become highly respected United States citizens and members of the academic community.

In 1983, Dr. Ruperto Lopez retired from his position as Chairman of the Division of Natural Sciences and Professor of Biology, having taught in the Piedmont College Department of Biology since 1964.

In 1966, Dr. Caridad Lopez, after three years as teacher of Spanish in the schools of Habersham County, joined her husband on the faculty of Piedmont College as Professor of Spanish and Chirman, Department of Foreign Languages.

Dr. Caridad's contributions to the life of Piedmont College have gone far beyond the academic classes. The annual International Dinner, attended by hundreds of persons in the community; the Spanish Honor Society; the Spanish Folklore Group with its annual performances of international songs and dances; her sponsorship of international students at the College — all are witness to the many long hours and dedication of this remarkable and much loved teacher.

We salute the Lopezes. We wish them long life and happiness. We can only say that we shall miss them and that we — each and all — are better persons for having known them.

## Volleyball Champions

The Fall quarter of 1984 brought about new life to Intramurals at Piedmont College. Headed by Coach McGinn and two student supervisors, nearly 80 students representing six teams, gathered each Monday and Thursday night to participate in intramural volleyball. The Hurricans and Lakers were the two final teams in the championship competition.

A Tribute  
By  
Dr. James E. Walter,  
President Emeritus and  
Comptroller  
To  
Dr. Ruperto Lopez And Dr.  
Caridad Lopez

The day in 1962 that I found Dr. Ruperto and Dr. Caridad Lopez in Atlanta was one of the happiest and most fortunate days of all my thirty-three years as President of Piedmont College. Church World Service had listed them as "Cuban Refugee Professors of Language and Science, but willing to do any honorable job." On the day of my call at their apartment, we visited at length. They told me the essentials of their education, their teaching experience in Cuba, their religious faith, their belief in freedom, their gratitude for escape from Castro regime, and their present situation as refugees without funds but determined to make a new life for themselves in the United States.

From the start, I knew that these talented and diligent "modern Pilgrims" would make major and meaningful contributions to our life and education at Piedmont College. Thus I invited them to join our faculty. My decision has been more than justified by their many years of outstanding service at the College, totalling between them nearly four decades of devoted and dedicated teaching.

Dr. and Mrs. Lopez came to Demorest the next week after my visit, their move being assisted by their church friends. The College furnished them and their daughter, Casilda, a house. As soon as one of our new brick houses became available, we offered them the lovely home that has been theirs since that time. Many students have found their way to the Lopez domicile over

the years for tutoring, counseling, picnics, and friendly visits.

Dr. Ruperto Lopez joined our faculty immediately first in Spanish and then in the Department of Biology. After three years teaching in the South Habersham High School, Dr. Caridad joined us as professor of Spanish. Their contributions to our students began and grew with their excellent instruction in their respective fields. Nearly all of the high school Spanish teachers in our area are her former students. Many science teachers in neighboring schools are his former students. "By their fruits shall ye know them."

The outreach of Dr. Caridad Lopez into the community has been well-nigh phenomenal. An annual international show of songs and native dances begun in 1972, expanded in 1974 to include an international dinner in addition to the entertainment. The International Dinner and Show have become the heart of a unique and meaningful community program. Carried out under the auspices of Dr. Lopez's Spanish Folklore Group, it has included Piedmont students from all over the world — a colorful witness to the international character and friendliness of Christian higher education.

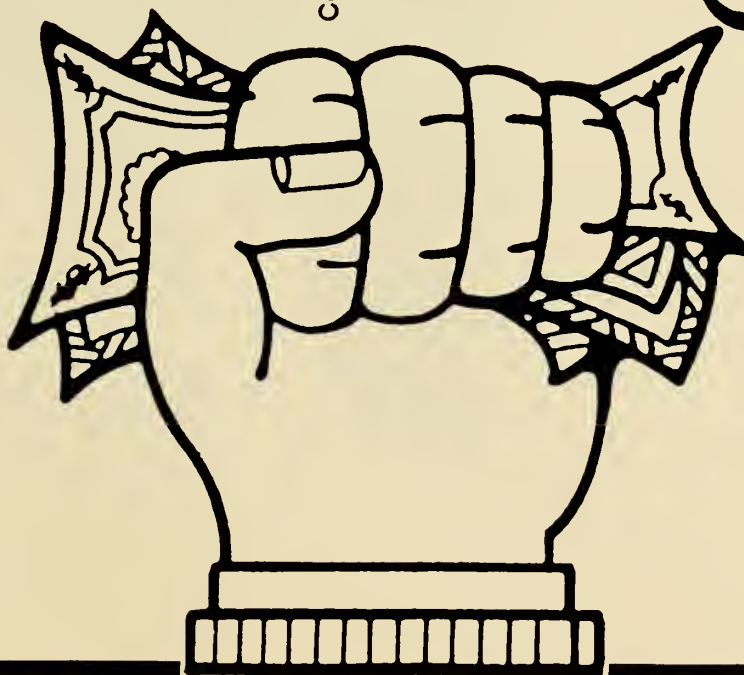

In 1974, also, began Dr. Lopez's annual 30-minute program of international songs and dances over Atlanta's Channel 5, WAGA-TV for the 25,000 people in the Latin American community. An immediate success from its start, Dr. Lopez and the members of the Spanish Folklore Group have been invited to return each year with their enthusiastic program of song, dance, and conversation about the Piedmont College program.

Likewise, Dr. Lopez's visits with her group to the local high schools have grown in popularity. These opportunities to entertain and educate the boys and girls have stimulated and enhanced our recruiting efforts. Everybody wins. High school students enjoy the fun, and we appreciate the occasion to tell the Piedmont story.

In 1982, in appreciation of their many years of dedicated service to Piedmont, the Piedmont College Board of Trustee honored them by conferring on each an honorary degree — the honorary degree of Doctor of Science on Dr. Ruperto Lopez and the honorary degree of Doctor of Humanities on Dr. Caridad Lopez.

As, in 1985, the Lopezes prepare to leave our campus and community for a new life, our sincere prayer is that health, joy, and peace may abide with them always. May they return to visit us often! God bless!

The image is a full-page graphic featuring a dense, repeating pattern of the word "SUMMER". The text is rendered in a bold, outlined, sans-serif typeface. The words are arranged in a staggered, grid-like fashion, creating a textured, three-dimensional effect. The pattern covers the entire area, with the words overlapping and interlocking. The color is a dark, textured black on a light background.
